# MISSISSIPPI FAMILIES FOR KIDS

## OUR STORY

Since our non-profit inception in 1998, we've had the same goal: **provide Mississippi with free or at cost permanency planning programs that promote stronger families and a more engaged and informed community.**

MFFK offers educational development opportunities, training, activities, and support like counseling to families and children so children can stay in their family of origin or find a forever home.

The "normal" family model isn't so normal after all.

Families can look like:

- Kinship Care
- Foster Families
- Adoption Families
- Mixed or Blended Families.
